(WXYZ) - WXYZ-TV is sending best wishes to our long-time colleague Scott Wolan.

Scott is a videographer who came to us 37-years ago and, as he puts it, he had to beg the chief engineer to give him a camera.

He's covered everything over the years from news to special programs.

And now he's retiring.

Scott is now off to pursue his new passion as a student pilot. He just learned to fly and we hope he soars to great heights.

Congratulations, Scott!
